

24) 1999 NELSON
I know we have all packed up many National Shows but I hadn't noticed how quickly it happened in Nelson until I returned from getting the outdoor banners to find almost everything done.

We should have carried straight on and had the auction but it was set down for 7 o'clock and for many it was not ideal to wait. There was some brisk trading to dispose of the auction items to new owners, and then it was hard to believe it was all over.

We didn't get too many complaints but we did get lots of compliments, which is very encouraging so we'll take it to mean the show was a great success.

We had 97 entries in bottle categories and 34 in collectables, plus 3 junior entries, so in total 134 entries. We also had 15 dealers booths and 47 metres of swap & sell tables.
